Changing Line Indentation
Changing Paragraph Spacing
Changing Text Margins
Adding a Text Background
Adding Tabs
Adding Bullets

FORMATTING SHAPES

Using the Format Shape Toolbar
Changing the Fill Color
Changing the Fill Pattern
Changing the Fill Transparency
Adding a Shadow
Changing the Line Color
Changing the Line Weight
Changing the Line Pattern
Changing the Line Ends
Rounding Corners
Applying a Color Scheme

MANAGING SHAPES

Using the Action Toolbar
Grouping and Ungrouping Shapes
Ordering Shapes
Rotating Shapes
Flipping Shapes
Aligning Shapes
Distributing Shapes
Laying Out Shapes
Centering a Drawing

FORMATTING CONNECTORS

Using the Layout & Routing Toolbar
Changing Connector Routing Options
Changing Routing Style and Direction
Separating Overlapping Connectors

- Overlapping Separated Connectors
- Setting Line Jump Options
- Setting Space Options
- Using Curved and Straight Connectors

USING SNAP AND GLUE

- Using the Snap & Glue Toolbar
- About Snapping
- About Gluing
- Viewing Active Snap and Glue Elements
- Snapping to an Item
- Gluing to an Item

USING LAYERS

- About Layers
- Assigning a Shape to a Layer
- Creating a New Layer
- Showing and Hiding Layers
- Selecting a Layer to Print
- Locking a Layer
- Renaming a Layer
- Assigning a Color to a Layer
- Deleting a Layer

INSERTING PICTURES

- About the Insert Clip Art Task Pane
- Displaying the Insert Clip Art Task Pane
- Searching for Clip Art
- Customizing a Clip Art Search
- Using the Clip Organizer
- Searching for Clips Online
- Inserting Clip Art
- Inserting a Picture from a File
- Inserting a Picture from a Scanner or Camera

6). SETTING UP AND EDITING PAGES

MANAGING PAGES

- Inserting a New Page
- Creating a Background Page
- Assigning a Background Page
- Navigating Pages
- Renaming a Page
- Reordering Pages
- Deleting a Page

USING PAGE VIEW TOOLS

- Using the View Toolbar
- Showing and Hiding Rulers
- Showing and Hiding the Grid
- Adding Guides

- Showing and Hiding Guides
- Showing and Hiding Page Breaks
- Using the Pan & Zoom Window
- Zooming in and out of a Drawing
- Using the Size & Position Window
- Using the Drawing Explorer Window
- Merging Anchored Windows
- Setting a Drawing Scale

EDITING PAGES

- Copying Items
- Copying a Drawing Page
- Cutting Items
- Pasting Items
- Using Paste Special
- Using Find and Replace
- Using Undo and Redo
- Checking Spelling

7). SHARING DRAWINGS

SENDING DRAWINGS

- E-mailing a Drawing to a Mail Recipient
- E-mailing a Drawing to a Routing Recipient

USING PRINT PREVIEW

- Previewing a Drawing
- Viewing Different Pages
- Zooming in and out of a Preview
- Exiting Print Preview

USING PRINT SETUP

- Setting Paper Size
- Setting Paper Orientation
- Using Print Zoom

PRINTING THE DRAWING

- Selecting a Printer
- Changing Printer Properties
- Setting the Print Range
- Setting the Number of Print Copies
- Sending the Drawing to the Printer

8). CUSTOMIZING VISIO 2003

CONFIGURING VISIO 2003 OPTIONS

- Opening the Options Dialog Box
- Customizing General Options
- Customizing View Options

- Customizing Save Options
- Customizing Regional Options
- Customizing Spelling Options
- Customizing File Paths Options
- Customizing Advanced Options

CONFIGURING AUTOCORRECT OPTIONS

- Opening the AutoCorrect Dialog Box
- Customizing AutoCorrect Options
- Customizing Autoformat Options

CUSTOMIZING TOOLBARS

- About Toolbar Customization Options
- Creating a Custom Toolbar

- Adding or Removing Commands from a Toolbar
- Customizing Toolbar Options
- Resetting a Toolbar
- Renaming a Toolbar
- Deleting a Toolbar
